# WORK

Let's get going! We can no longer afford to be swayed by the politically correct attitude that is marring our communication of the truth these days. Jesus was willing to tell the truth even when it placed Him in real danger. He was consistently more concerned with the danger that other people were in than He was with the danger He was facing. We need to learn that lesson from Him, especially if we are going to claim to be His followers. The time is now! Let's get busy rescuing people who are in danger. Let's tell them about Jesus who waits to save them.

Those of us who lead should remember that there is no better way to motivate others to share the gospel than to set an example for them. Speak to others about Jesus when you have the opportunity and set an example of lifestyle evangelism for the members of your group. They will be much more likely to follow your example than they will be to simply do what you tell them to do. Ask the group to discuss this and then ask them to think through the list of people you have been praying for each week. Discuss how we can be more aggressively involved in sharing the good news with these folks for whom God has burdened us. We will pray for these people tonight and each night we're together until they come to Life Group, or come to Christ through some other means. Have each couple or individual share the name of one couple/person to pray for and then ask one of the other people in the group to pray for them.

Close your time together in prayer.
