

# 4Ws Stay Centered In Christ, Keep Moving Forward Acts 11:1-30

## WORSHIP

Consider reading **Psalm 121 & 122** together, taking turns reading a verse a time, or reading responsively with the leader reading a verse and the group responding with the next verse.

Consider singing some of the songs on the sheets that were included in your packet if you have someone in the group that plays the guitar or can lead music and/or play the guitar.

# WORK

One way to turn the world upside down is to make a point of talking about Jesus, especially during those times when we are in situations where Jesus is not welcome. When people come to faith in Christ their lives are transformed and everything changes for them. If we want people to remember us as people who left a better world behind, there really is no better way to accomplish that than to share Christ with those who most need to hear.

Those of us who lead should remember that there is no better way to motivate others to do the right thing than to set an example for them. Speak to others about Jesus when you have the opportunity and set an example of lifestyle evangelism for the members of your group. They will be much more likely to follow your example than they will be to simply do what you tell them to do. Ask the group to discuss this and then ask them to think through the list of people you have been praying for each week. Discuss how we can be more aggressively involved in sharing the good news with these folks for whom God has burdened us. We will pray for these people tonight and each night we're together until they come to DGroup, or come to Christ through some other means. Have each couple/individual share the name of one couple/person to pray for and then ask one of the other people in the group to pray for them.

*Close your time together in prayer.*
